Concrete patching continues on U.S. 400

The week of Aug. 15 the Kansas Department of Transportation (KDOT) plans to begin full-depth concrete patching on U.S. 400 from the Greenwood-Wilson county line east to K-47.

U.S. 400 traffic will be reduced to one lane controlled by temporary signals. Expect brief delays at the work zone. Weather permitting, the road work should be finished in mid-September.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. To stay aware of all highway construction projects across Kansas, go to www.kandrive.org or call 5-1-1.

Persons with questions may contact KDOT Superintendent Marcus Leck, (620) 577-7313, or Public Affairs Manager Priscilla Petersen, (620) 902-6433.
